### IV. SITUATION & ASSUMPTIONS

#### A. Situation

Waller County and Cities adhering to this plan face a number of hazards that could threaten public health and safety and personal and government property; see the Waller County Basic Plan for a summary of these hazards. Legal issues requiring timely resolution may arise during pre-disaster hazard mitigation designed to lessen the effects of known hazards, during pre-disaster preparedness activities designed to enhance the local capability to respond to a disaster, during the actual response to a disaster, or during the post-disaster recovery process.

## B. Assumptions

1. Local emergency preparedness plans and programs should have a sound legal basis.
2. In responding to major emergencies and disasters, local officials may be required to take extraordinary measures to protect public health and safety and preserve property. They will also require timely advice regarding the legality of proposed measures.
3. Implementation of measures to protect public health and safety and preserve property during emergency recovery and mitigation activities generally require issuance of appropriate legal documents. These should be prepared by competent legal service professionals.

<b>V. CONCEPT OF OPERATIONS</b>
---------------------------------

## A. General

1. Emergency Declaration
  - a. Pursuant to Chapter 433.001, Texas Government Code (TGC), the chief elected official or the governing body of a city or county may request the Governor declare a state of emergency for a jurisdiction or a portion thereof. For purposes of this statute, an emergency exists in the following situations: riot or unlawful assembly by three or more persons acting together by use of force or violence, the existence of a clear and present danger of violence, or a natural or man-made disaster. TEX. GOV'T CODE ANN. § 433.001 (Vernon 1998). The Governor may proclaim a state of emergency and issue directives to control and terminate the emergency and protect life and property. TEX. GOV'T CODE ANN. § 433.001 (Vernon 1998). Directives issued by the Governor for a state of emergency expire 72 hours after issuance; however, successive states of emergency may be declared by the Governor. TEX. GOV'T CODE ANN. § 433.003 (Vernon 2005). A sample request for an emergency declaration is provided in Appendix 1.
  - b. The emergency declaration process is generally not used for natural or man-made disasters because: (1) it requires action by the Governor to resolve local problems rather than facilitating action by local officials, (2) the Governor's directives require advance notice before they become effective TEX. GOV'T CODE ANN. § 433.001 (Vernon 1998), and (3) directives are of very limited duration – 72 hours TEX. GOV'T CODE ANN. § 433.003 (Vernon 2005). Hence, a disaster declaration may be more appropriate for responding to natural or technological emergencies. An emergency declaration may be appropriate for security-related incidents where local law enforcement resources are inadequate to handle the situation.
  - c. If the actions taken by the Governor after an initial emergency declaration do not resolve the emergency situation, the chief elected official or governing body may request that the emergency declaration be continued TEX. GOV'T CODE ANN. § 433.003 (Vernon 2005). If the local emergency situation that was the basis for an emergency declaration is resolved before the Governor's directives expire, it is desirable to advise the Governor that the emergency declaration is no longer required.

## 2. Disaster Declaration

- a. The Texas Disaster Act, § 418.108, of the Texas Government Code, provides that the presiding officer of the governing body of a political subdivision (the County Judge of a county or the Mayor of a municipality) may declare a local state of disaster TEX. GOV'T CODE ANN. § 418.108(a) (Vernon Supp. 2009). A disaster declaration may be issued when a disaster has occurred or appears imminent. TEX. GOV'T CODE ANN. § 418.014(a) (Vernon Supp. 2009). Chief elected officials, in order to respond to or recover from a significant natural or man-made disaster, typically use the disaster declaration process. A sample disaster declaration is provided in Appendix 2. Copies of a disaster declaration should be filed with the Texas Division of Emergency Management (TDEM) and the County Clerk, City Secretary of Cities adhering to this plan, and Secretary of State. TEX. GOV'T CODE ANN. § 418.014(a) (Vernon Supp. 2009).
- b. The Texas Disaster Act § 418.1015(a) of the Texas Government Code designates the presiding officer of the governing body of an incorporated city or a county as the emergency management director for that presiding officer's political subdivision. These emergency management directors serve as the governor's designated agents in administration and supervision of the duties under the Disaster Act and may exercise the powers granted to the governor in the Disaster Act on an appropriate local scale. TEX. GOV'T CODE ANN. § 418.1015(b) (Vernon Supp. 2009). Among those powers is the authority to suspend the provisions of any regulatory statute prescribing the procedures for conduct of state business or the orders or rules of a state agency if strict compliance would prevent, hinder, or delay necessary action in coping with a disaster TEX. GOV'T CODE ANN. § 418.016 (Vernon Supp. 2009), use public and private resources to respond to the disaster TEX. GOV'T CODE ANN. § 418.017 (Vernon 2005), control the movement of people TEX. GOV'T CODE ANN. § 418.018 (Vernon 2005), restrict the sale and transportation of certain items TEX. GOV'T CODE ANN. § 418.019(a) (Vernon 2005), and take a number of other actions. A declaration of local disaster activates the recovery and rehabilitation aspects of all applicable emergency management plans, and also activates the preparedness and response aspects of the plans as provided, which take effect immediately upon the declaration of disaster. TEX. GOV'T CODE ANN. § 418.108(d) (Vernon Supp. 2009). A sample emergency powers ordinance is provided in Appendix 5. See also 37 TEX. ADMIN. CODE § 7.29 (Texas Department of Public Safety).
- c. A declaration of local disaster issued by the County Judge as presiding officer of Commissioners Court or Mayors of cities adhering to this plan as presiding officer of City Council may not be continued or renewed for a period of more than seven days except with the consent of Commissioners Court or City Council. TEX. GOV'T CODE ANN. § 418.108(b) (Vernon Supp. 2009). A sample court order extending a disaster declaration is provided in Appendix 3. Commissioner's Court or City Council may terminate a state of disaster at any time; this approach is typically used when the threat that gave rise to the disaster declaration has subsided. Alternatively, Commissioners Court or City Council may chose to simply let the declaration expire

by taking no action to extend it. A sample court order terminating a disaster declaration is provided in Appendix 4.

3. Authority for Evacuations. Section 418.108(f) of the Texas Government Code authorizes a County Judge or Mayor of a municipality to order the evacuation of all or part of the population from a stricken or threatened area under the respective jurisdictions and authority of the county judge or mayor if the county judge or mayor considers the action necessary for preservation of life or other disaster mitigation, response, or recovery. The county judge or mayor of a municipality may also control ingress and egress from a disaster area under the jurisdiction and authority of the county judge or mayor and control the movement of persons and the occupancy of premises in that area. TEX. GOV'T CODE ANN. § 418.108(g) (Vernon Supp. 2009). The jurisdiction and authority of the county judge includes the incorporated and unincorporated areas of the county; and to the extent of a conflict between decisions of the county judge and the mayor; the decision of the county judge prevails. TEX. GOV'T CODE ANN. § 418.014(a) (Vernon Supp. 2009).

4. County Regulation of Outdoor Burning & Use of Fireworks

One of the effects of drought conditions is an increased threat of wildfires. Many municipalities have enacted ordinances that prohibit or restrict open fires within their corporate limits at all times. The Local Government Code gives counties authority to mitigate the risk of wildfire by restricting outdoor burning and the use of fireworks in unincorporated areas under certain circumstances.

- a. Pursuant to section 352.081 of the Texas Local Government Code, The Commissioners Court of a county by order may prohibit or restrict outdoor burning in general or outdoor burning of a particular substance in all or part of the unincorporated area of the county if drought conditions have been determined by the Texas Forest Service to exist, the commissioners court, or city council makes a finding that circumstances present in all or parts of the unincorporated areas create a public safety hazard that would be exacerbated by outdoor burning. TEX. LOC. GOV'T CODE ANN. § 352.081(c) (Vernon 2005). Normally, the County Judge, Commissioners Court, or Mayor or city council also issues a declaration of local disaster pursuant to the Texas Disaster Act based on the imminent threat of wildfire. TEX. GOV'T CODE ANN. § 418.108 (Vernon Supp. 2007). TEX. LOC. GOV'T CODE ANN. § 352.081 (Vernon 2005). A sample disaster declaration based on a threat of wildfire is provided in Appendix 6. A sample Commissioners Court order banning outdoor burning is provided in Appendix 7. Section 418.108 of the Texas Government Code states that a declaration of local disaster may include a restriction that exceeds a restriction authorized by Section 352.051 of the Texas Local Government Code, but a restriction that exceeds a restriction authorized by section 352.051 of the Local Government Code is effective only for 60 hours unless the county judge requests the governor to grant an extension and the governor extends the restriction. TEX. GOV'T CODE ANN. § 418.108(i) (Vernon Supp. 2009). This declaration of local disaster cannot be continued or renewed for more than 7 days, unless consent is given by the Commissioners Court or City Council. TEX. GOV'T CODE ANN. § 418.108(b) (Vernon Supp. 2009).
- b. Pursuant to section 352.051 of the Texas Local Government Code, commissioners court or city council by order may prohibit or restrict the sale or use of fireworks in all

or a portion of the unincorporated area of the county where drought conditions have been determined to exist by the Texas Forest Service. In addition, during the December fireworks season, the commissioners court or city council by order may restrict or prohibit the sale or use of restricted fireworks in specified areas when conditions on rural acreage in the county not under cultivation for a period of at least 12 months are determined to be extremely hazardous for the danger of fire because of high grass or dry vegetation. TEX. LOC. GOV'T CODE ANN. § 352.051(c) (Vernon Supp. 2007). An order issued by commissioners court or city council expires upon a determination by the Texas Forest Service that drought conditions no longer exist. TEX. LOC. GOV'T CODE ANN. § 352.051(e) (Vernon Supp. 2007). Such orders must be adopted before April 25 of each year for the Cinco de Mayo fireworks season, June 15 of each year for the Fourth of July fireworks season, and before December 15 of each year for the December fireworks season. TEX. LOC. GOV'T CODE ANN. § 352.051(d) (Vernon Supp. 2007).
