Controversial Material -A parade entry may be pulled from the lineup as late as the start of the parade if, in the judgment of the parade Chairman or members of the Committee, the entry is controversial, unlawful, political, or otherwise inconsistent with the standards, theme, quality or purpose of the Homecoming Parade.

Vehicles- All authorized vehicles will receive an appointed position in the parade. NO unauthorized vehicles will be allowed in the parade. All vehicles MUST be driven by an individual with a current Driver's License.

Motor Cycles - Absolutely no burning rubber or Spinning wheels, in any form or fashion. Incompliance is deemed for removal.

Throwing Items – At no time should any of the parade participants throw candy or other items from their vehicles, floats and/or carriages to the crowd members. This causes crowd members to run into the parade route potentially endangering the welfare of patrons. An alternative would be to have some of your participants walk along the parade route and have any items given to individuals along the parade route.

The parade entries will not be judged and must continue to move throughout the parade route. Your group may be given directions from 1of the parade officials during staging or the execution of the route. Your cooperation is necessary to ensure the parade flows well.
