NEW SCHOOL FACTS

School size: 109,610 sq. feet

Capacity: 800 students

Projected start enrollment: We will not have an enrollment estimate until the school boundary is set next Fall.

Projected opening date: August 2017

WALLER ISD AT A GLANCE:

More than 6,600 students currently attend the district's eight campuses: one high school, two junior high schools and five elementary schools. Waller ISD's student enrollment is expected to double in numbers by 2024 to 12,164 students based on a moderate growth scenario.

WHY DID THE DISTRICT CHOOSE THIS LOCATION?

The Waller ISD Citizens' Planning Committee recommended that H.T. Jones Elementary School be rebuilt in the City of Prairie View and remain a neighborhood school.

WHAT IS THE NAME OF THE NEW SCHOOL?

H.T. Jones Elementary School
