Re: Mellon Foundation Grant-City of Prairie View & Prairie View A&M University

We are blessed to have been included in a Mellon Foundation Grant that includes 6 HBCU's and their HB Communities: Grambling State University, Spelman College, Texas Southern University, Mississippi Valley State University and Tuskegee University.

Our Prairie View A&M and City of Prairie View Team traveled to Orlando FL and includes:

Professor Barry Norwood	College of Architecture
Airel Stewart	Biology
Maydrian Strozier Lowe	Political Science
Kholbie Thornton	Political Science
Kendall Lemons	Engineering
Jordyn Gibson	Architecture
Terrance McCaskey	Architecture
Mayor David Allen	City of Prairie View

Professor Norwood and our students represented us very well and everyone is excited to see what project comes from the exposure and training to display a part of our city's history. Attached you will find the Letter of Invitation from Spellman College coordinator Dr. Michelle Robinson. Please feel free to contact me with any questions.

God bless,

David Allen, Mayor
